on life-cultivation topics

Online / In Person (Sofia) / via Recordings

Language: English

Led by: [Vlado Rashev, qigong teacher and therapist](#)

**Dear Yuan Gong Students, Teachers, Fellow Practitioners and other
Persons interested in the art of Qigong and Life Cultivation,**

It's a pleasure to invite you to this One Day Retreat filled with [Yuan Gong](#) practice, [Healing and Self Healing](#) and [Ren Xue](#) discussions ([click here for testimonials from previous events](#)). The retreat will be conducted in the Global Ren Xue Qifield of the next Full Moon - a Qifield finely tuned and strengthened by [Yuan Tze](#) and supported by all of his students around the globe.

The program consists of 6 sessions, 4 of which are dedicated to the practice of both dynamic and static qigong; one - to the art of self-healing and another one - to the Wisdom Culture ([click here for the draft program](#)).

Please note the purpose of doing so much practice in one day is not to make you exhausted or just for the sake of having a Yuan Gong marathon ;). Rather, it is to use the practice to keep drawing your consciousness inward and engaging it into activities that benefit your health and help achieve a higher level of unification and

harmony in life. You'll be constantly reminded to NOT overexert yourself and do all practices in a kind, gentle and 'Qi-full' way.

Who may attend

- Absolute beginners as well as Qigong practitioners with no prior experience in Yuan Gong are most welcome. This event is a perfect opportunity to get a taste of the practice of Yuan Gong and learn about the philosophy behind. Simple instructions will be given at the beginning of each session and all you need to do is follow Vlado's demonstration.
- Practitioners who know one or more Yuan Gong methods. If you fall into this category, this will be a great opportunity for you to go deeper in your Yuan Gong experience and see the effect of one whole day of practice. It's also an opportunity to try some of the methods you don't know yet and learn more about the teachings in Ren Xue.
- For the fellow Yuan Gong teachers, I hope this would be a very good opportunity to explore further the mystery and magic of the Qifield and the information it carries, contribute to the discussions and the group healing, have fun and enjoy the abundance of practice and Qi.

Ways to participate
